BLOOD DONATION CAMP

Following the footsteps of Dr. APJ Abdul Kalam, our beloved ex-president and a patriot who served the nation, let us pay tribute on his *punvatithi* (27th July) by DONATING BLOOD and be part of an act of gratefulness towards our country and DR. Kalam.

ACCORDING TO HEALTH SCIENCE.

1. Blood donation is a healthy activity and provides chances to recreate fresh blood in body.
2. Anyone whose weight is above 50kg and is more than 18 year can donate blood.
3. Lots of lives are saved in emergency so blood donation is a very valuable and great service to nation.
